

[NEW ROOF CAMPAIGN]

PROJECT COST AND CAMPAIGN GOAL: \$85,000

A sound roof is critical to our mission here at Substance as it will maintain a space that is hospitable and welcoming to our Ashland community. This is the direction that Substance members have affirmed as the best stewardship and wisest avenue for us moving forward.

PROJECT START DATE: SPRING 2023

Campaign End Date: March 26th, 2023

Immediate Deposit: 25% (\$21,250)

Company: WM Commercial Roofing

Product: Complete Roof Replacement
Carilse SynTec 60mil. TPO Membrane Roof System

This will be a complete tear off of our existing roof membrane and a total replacement. It includes an extra 1.5" layer of insulation and a new gutter and downspout system on our South wall. It also includes a labor and materials warranty of 20 years.

If you would like to make a donation to the New Roof Campaign please [CLICK HERE](#) or scan!

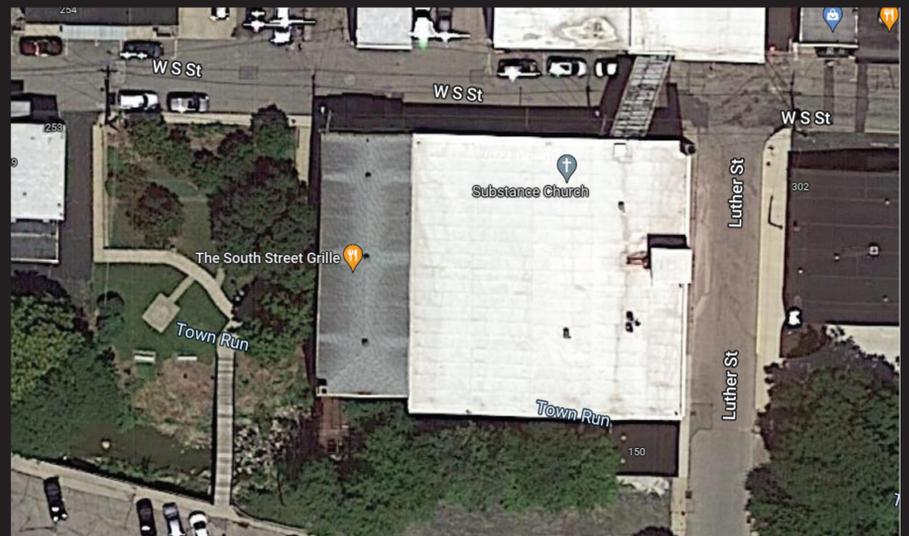

- **Ideal for renewing existing roofs**
- **Weather resistant, even to wind and hail**
- **Leak protection**
- **Waterproof**
- **Increased energy efficiency**

"Single-Ply Membrane Systems are composed of a thermoplastic membrane that is rolled in overlapping strips on a flat roof, then welded together to create a seamless finish. The thermoplastic membrane is highly reflective and resists a broad range of chemicals, helping to extend the lifespan of your roof exponentially. The finished roof is durable, waterproof, and energy-efficient."
