

Your Circles

Circles are the people God has placed around you that you commit to pray for and engage with at their spiritual level. Identify a few names for each circle and write them below.

Invite — We invite people of all ages and stages of life into our own lives. We do this as people who are indwelt by the Spirit of Christ, not just connecting them to a church building, but to the person of Jesus Christ (John 1:35–39).

Invest — We invest in these people, taking time to get to know their stories, helping them grow in their understanding of who God is and what it means to be transformed by the renewing of our minds and to be conformed more into the image of Christ together — serving one another as Christ has served each of us (John 1:43).

Ignite — We ignite these people to go out and do these very same things with others. This is the disciple-making model that Jesus gave us. If we don't reach the point of igniting, then we have not made an actual disciple-maker. Each of us has been called to "go and bear much fruit" (John 15:16).
